## **Fox Communities Credit Union Implements CheckLogic™**

**MIDWAY, UT and GRAND RAPIDS, MI – January 20<sup>th</sup>, 2009**

eDOC Innovations (EDI), the nation's leading CUSO for e-document strategies announces that Fox Communities Credit Union has successfully completed implementation of eDOC's next generation of check image capture system, CheckLogic™, a high-quality check21 imaging solution for branch check capture and electronic image forwarding, as a part of the credit union's complete e-Document Strategy.

CheckLogic™ check imaging is a dynamic solution that will aid any credit union in the implementation of Check 21. Integrated into an overall e-Document Strategy, CheckLogic™ allows a credit union to maintain its existing account relationships while providing a state-of-the-art capture solution. "Fox Communities has been a long-time supporter of eDOC Innovations and has worked closely with us as a Peer of the CUSO to develop and implement what we believe is the next generation of check imaging," Comments Bret Weekes, President and CEO of eDOC Innovations. "Many credit unions are beginning to understand how a strategic view of their e-document initiatives brings their check imaging and forwarding processes under their comprehensive e-document strategy. CheckLogic™ allows the credit union to use state-of-the-art credit union owned solutions that help propel credit unions towards the goal of becoming the "Primary Financial Institution", which is important to any credit union," Weekes continues.

According to eDoc Innovations, Check 21 processing in conjunction with their CheckLogic™ product will help credit unions realize operational savings in lost time and opportunities, and help them to gain strategic value in the form of reduced fraud loss and increased institutional strength through the ease of being able to interact with other institutions.

### **About eDOC Innovations, Inc.**
