## **eDOC Accelerates ProDOC Forms Usability**

**MIDWAY, UT and GRAND RAPIDS, MI – July 17, 2009**

eDOC Innovations enhances ProDOC Forms - an electronic form capture and creation solution for account and loan documents – with additional OCR functionality in its 6.0.0.5 version. As the nation’s leading e-Document management CUSO, eDOC’s team has collaborated to increase the breadth of usability for its clients utilizing ProDOC Forms through its advanced OCR intelligent indexing capability, as well as a number of usability and error handling enhancements.

ProDOC Forms captures documents, applies appropriate signatures and interacts with eDOC’s 2020DOC Imaging system to ensure storage of pending and finalized documents. The unique ability of ProDOC Forms to perform verification tasks for a single document at multiple times or branch locations allows eDOC clients to eliminate the generation and scanning of paper documents. Transactions are even more secure with ProDOC Forms’ enhanced digital image capture functionality, which allows clients to capture an image of the account holder during the signing process. A copy of the image is automatically embedded into the form and stored in eDOC’s imaging system. eDOC experts have updated ProDOC Forms features to include: additional form set-up options, multiple stored printer settings, field width for the cash tracker and unique definition of the form set-up screen.

The 6.0.0.5 ProDOC release is an example of eDOC’s continued commitment to its owners and peers, “to listen to what our clients and peers are telling us they need in their e-Document strategy and its functional capabilities.” Stated Bret Weekes, President/CEO of eDOC Innovations. “Our desire to address strategically the credit union’s needs through our solutions brings a very robust and comprehensive solution. eDOC is truly one of a kind.”

### **About eDOC Innovations, Inc.**

Since 1992, eDOC Innovations, Inc. has delivered complete optical archiving and electronic document management solutions to credit unions, banks, mortgage and title companies, educational institutions, governmental entities, accounting firms, and other organizations across the country and internationally.
