Cumberland County FCU Joins eDOC CUSO

MIDWAY, UT and Middlebury, VT – February 22nd, 2010

eDOC Innovations, a CUSO serving over 400 credit unions nationally with its widely known e-Document strategy solutions, announces that Cumberland County Federal Credit Union has joined the eDOC CUSO. Cumberland County, a \$125 million credit union located in Falmouth, ME has over 14,000 members, and uses CU*Answers as its data processor. "Cumberland has been committed to 'Going Green' for many years and as technology has changed and grown in capability, we have found eDOC to be leading a progressive and collaborative effort with the credit unions and that appeals to us," comments Scott Harriman, President/CEO of Cumberland County Federal Credit Union.

"In addition to just developing good products and collaborating heavily with us, we feel that we also have some responsibility to be active in our participation with eDOC to help other credit unions and the CUSO model allows us to do that in a very real way," continues Harriman. "We are excited to welcome Cumberland County FCU and the collaborative spirit they bring with them. We are deeply committed to our peers, driving value to them in many ways," comments Bret Weekes, President/CEO of eDOC. "Our peers bring great ideas and innovative thinking to our firm and that has such value to us and the industry. True collaboration is something we strive to achieve and Cumberland joining the CUSO is to us a reflection that although we aren't perfect, we are on the right track," continued Weekes.
